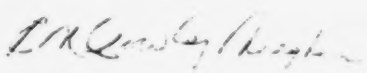
To The Honourable
Angus MacIsaac
Registrar General
Province of Nova Scotia

Sir:

I beg to present herewith the Report of the Deputy Registrar General containing the Vital Statistics of the Province for the year ending December 31, 2001.

I have the honour to be, Sir,
Your most obedient servant,



Elizabeth Crowley Meagher
Deputy Registrar General

Introduction

The 2001 Annual Report of births, deaths, stillbirths, and marriages is compiled by the Vital Statistics Unit of Service Nova Scotia and Municipal Relations. Data on vital events occurring in Nova Scotia have been published since 1917. The information presented in the following 29 charts and tables is based upon data collected on vital event registrations.

The Vital Statistics Act requires that all births, deaths, stillbirths, and marriages in the province be registered. The provincial registration system serves two primary functions: first, to obtain and preserve the documentary evidence necessary to provide individuals with official proof of the facts concerning a birth, death, stillbirth, or marriage; and second, to provide information and statistics to health professionals and planners for public health surveillance, health education and promotion, epidemiological research, and health planning. At the national level, Nova Scotia Vital Statistics shares data with Statistics Canada for further compilation.

To maintain confidentiality, identifying information for individuals is not disclosed.
